AFTER A MOST GRATIFYING YEAR OF SERVICE IN THAT PARTICULAR, AT THE END OF WHICH OUR CUSTOMERS ARE TO BE CONGRATULATED UPON THE DISTRIBUTION NOW AMONG THEM OF TWENTY-FIVE THOUSAND DOLLARS IN CHRISTMAS SAVINGS,

THE HANCOCK COUNTY BANK

ANNOUNCES THE OPENING OF ITS CHRISTMAS SAVINGS CLUB FOR THE YEAR 1923. THIS DEPARTMENT OF THE INSTITUTION IS NOW READY TO RECEIVE THE BEGINNINGS OF THESE DEPOSITS THAT ARE SO WELCOME IN RETURN TO THE DEPOSITOR AT THE END OF THE YEAR.

IN THE MAIN, THE FOUNDATION OF HAPPINESS IS INDEPENDENCE OF STRESS AND FINANCIAL WANT; AND THE AVERAGE PERSON CAN GAIN MUCH OF THIS INDEPENDENCE BY THRIFT—DENIALS OF SELF FOR THE MOMENT FOR THE GREATER GAIN OF THE FUTURE. EVERY SUCCESSFUL EFFORT AT SAVING INVOLVES TWO IMPORTANT ELEMENTS: FIRST, THE STARTING, HOWEVER SMALL; AND, SECOND, CONSISTENCY AND SYSTEMATICALLY KEEPING AT IT. THE ESSENCE OF THESE VITAL ELEMENTS ARE EMBRACED AND MADE EASY OF ACCOMPLISHMENT BY OUR

CHRISTMAS SAVINGS DEPARTMENT WHICH OFFERS THE FOLLOWING PLANS.

INCREASING PLAN.				DECREASING PLAN.				STRAIGHT PLAN.		
Class.	1st Payment.	Amount of Increase Each Week.	Total.	Class.	1st Payment.	Amount of Decrease Each Week.	Total.	Class.	Amount of Each Payment.	Total.

OUR BANK HAS ALWAYS RECOGNIZED THE FACT THAT THERE IS A UNITY OF INTEREST BETWEEN ITSELF AND ITS CUSTOMERS; THAT A BANK'S FAIRNESS, STABILITY, AND CONSTRUCTIVENESS OF POLICY, FORM THE CHIEF ADVANTAGE OF ITS CUSTOMERS, AS WELL AS OF THE ENTIRE COMMUNITY IN WHICH THE BANK EXISTS AND OPERATES. WE KNOW THAT A COMMUNITY CANNOT PROSPER WITHOUT FAIR AND CONSTRUCTIVE BANKING SERVICE; AND WE KNOW THAT A BANK CANNOT PROSPER IN AN UNPROSPEROUS COMMUNITY. UNSWERVING ADHERENCE TO THIS PRINCIPLE ACCOUNTS FOR THE SOUNDNESS AND STEADY GROWTH OF OUR INSTITUTION, AND FOR THE GOOD-WILL AND FAITH THAT IT ENJOYS.

FOUR PER CENT PAID ON TIME, SAVINGS AND CHRISTMAS SAVINGS ACCOUNTS.

YOUR BUSINESS WILL BE APPRECIATED.

SIGN POSTS AND SIGN BOARDS.

On many roads adjacent to Hancock county one notices the absence of directing sign boards. There was a time when they were hardly considered necessary, since the auto was undreamed of and most everyone traveling in this neighborhood was familiar with the roads and where they led to. But, more and more strangers are coming through, over all roads and from all directions, and sign posts are necessary. It should not be necessary for a stranger, upon reaching a cross road, to be forced to sit there and wait for someone to come along to direct him on the way he wanted to go. Neither should he be forced to take chances on a road being the one he should take to get quickly and safely to his destination. Sign posts, along our highways, and especially at cross roads and forks, would cost but little when we consider that the entire county would be paying for them. And besides stamping us as a progressive people they would give the traveler the same service we'd like to have if we should happen in a strange community.

The territory adjacent to Hancock county, referred to above, is in Mississippi, and practically every person knows the law makes it obligatory to have every road carry signs at intersections. Wherever there is an automobile league, like in Louisiana, this all-important matter is not neglected. The average person today is traveling by automobile, and the auto owner or driver is entitled to all the consideration that is possible to give him as a taxpayer.

TAXING THE CHURCHES.

A correspondent of a paper not far from Bay St. Louis has written a letter to the editor, favoring the taxation of churches and church property as a relief from the overburden on the small home.

This is a delicate question. The Echo dislikes to discuss it. It has been thrashed out locally to an extent that leaves nothing for further discussion. However, occasionally one hears of some one favoring the taxation of churches. But we do not believe the majority will concur in this view. The churches work for exactly the same ends society seeks when it taxes itself to support public schools, hospitals and other public institutions. Churches make, or try to make, good men and women, loyal to law, through their influence and efforts many men and women are kept out of prisons, poor-houses and asylums. They make for better men and women with a stronger sense of duty.

The churches represent no wealth committed to a selfish purpose. They are run for the benefit of all. While many cost a great deal and are really too pretentious, there is no need in imposing a burden on all of them just to get at a few. Tax burdens are heavy. We all agree on that. It is costing more to live BECAUSE THERE IS MORE TO LIVE FOR AND LIFE IS MORE WORTH THE LIVING. The way to reduce tax burdens is to make each pay his share according to his individual standing. If the billions now invested in tax-free securities could be legally reached, the burden would rest less heavy upon all of us. Freedom from taxation is special privilege. Carried to an excess, it will bring about conditions such as now prevail in Germany, Russia and other foreign lands. When the wealth of France once fell into the hands of royalty, it resulted in the bloody French revolution. And the same thing could easily happen in this country if the wealth of the nation got into the hands of a favored few. Get the money to run the government and the State from those whose business is making money—not from the churches, whose business is making better men and women.

A SENSIBLE SENTENCE.

In the city of Cleveland, a few weeks ago, a speeder appeared before a judge on a charge of having run down and so badly injured a little girl that she died a few hours after the accident. The judge heard the evidence in the case, and there could be no doubt but the auto driver was going faster than the law allows or safety warrants. And then the judge imposed a novel sentence.

Instead of levying a fine, which reckless auto drivers usually care little about, or sentencing him to the workhouse, that his friends could get him out of a day or two later, he sentenced the speeder to attend the funeral of the little girl he had killed by his carelessness. And he deputized two policemen to go along to that funeral and see that the speeder was there and witnessed it all. And we wonder what could have touched him more than the tears of the heart-broken father and mother, and the little brother of the dead child? We wonder if anything could have shown him as plainly the misery and heartaches that follow reckless driving, no matter how well you understand the machine. We wonder if, when he started out the next time, he could wipe from his mind that picture of woe and misery, or if it didn't seem to loom up on the road ahead of him as his auto rolled along.

At any rate, we commend the sentence to our own judges and juries. A fine can be easily paid. A sentence to jail can be laid out. But nothing can wipe the picture of a funeral from the mind. It might not be a bad idea for auto drivers who are inclined to be reckless to keep that Cleveland sentence in mind.

ANOTHER WARNING.

Our postmaster tells us mail order catalogues are coming into Bay St. Louis every day. Mail order merchants in distant cities are in the midst of their richest harvest, and are sitting back licking their chops. It ought not to be necessary to again call the attention of our merchants to the fact that if they don't advertise their holiday goods the mail order men—who do advertise—are going to get business that should never leave this immediate community. The Christmas spirit is in the air. Wise buyers have been making purchases for two or three weeks. But the bulk of the trading will be done from now on. They've still got time to send an order to Chicago and get the goods back before Christmas. DON'T LET THEM DO IT. You've got the goods that will satisfy them—and they've got the money to pay for the goods. By all means tell them what you've got in next week's paper. The New Orleans newspapers are carrying columns of advertising, principally for digestion by the people living in the country towns and cities where local merchants do not advertise. The advertisements in catalogues and newspapers published are responsible for the reason why people buy away from home, in the absence of advertising in the home paper.

My work for the month of November includes visits to office by farmers and others, 48; telephone calls, 19; visits to farms, 36; letters written, 56; circular letters mailed, 200, and miles traveled by automobile, 740.

Early in the month I mailed out a circular letter relative to Satsuma oranges in Hancock County. There has been a ready response to this letter about fifteen farmers in various parts of the county will set out oranges this winter. I have purchased 1,300 orange trees for farmers this past week and about 100' pecan trees, aggregating a value of approximately \$900.00. Orange trees are very scarce, and there will doubtless be many who will want trees that will

be unable to get them. Respectfully, H. S. WESTON, President.

GORGEOUS SCREEN PRODUCTION COMING TO BAY ST. LOUIS.

Mae Murray in "Peacock Alley" at the A. & G. Theatre Night—Star in Show as Parisian Dancer and Misunderstood Wife.

It is not often that motion picture fans are given the opportunity to see the latest and most stylish costumes presented by one of the most attractive artists of the screen in a story vibrant with romance and adventure, but that is what Mae Murray's latest picture, "Peacock Alley," is. It will be shown at the A. & G. Theatre next Tuesday night.

In this metro release for Tiffany Productions, Inc., presented by Robert Z. Leonard, Miss Murray portrays the part of a Parisian dancer, who, as the darling of the famous city of pleasure, is lured and adored for her daring and artistic creations. She falls in love with a youthful American, a small town boy, and goes back to his home, only to find that the people of the little village are scandalized at his French wife. A nude awakening among the bright lights of Broadway gives this story a turn which makes it one of the most dramatic offerings of the screen.

"Peacock Alley" is typically a Mae Murray picture. Its gorgeous settings and the costly costumes of the star are outstanding features in an offering which at its special showing in New York won the unstinted praise of the critics as being the most beautiful and gorgeous production of the screen. The cast, supporting Miss Murray is a most notable one and includes Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Anders Randolph, William Tocken, Howard Lang, William Frederick, M. Durant and Jeffry Lewis. "Peacock Alley" is by Edmund Goulding, based on a story by Ouida Bergere. It was directed by Robert Z. Leonard and photographed by Oliver T. Marsh.

Jos. O. Mauffray, Grand Knight, Pere Leclerc Council, Bay St. Louis, Miss.
Dear Sir: Owing to the vast amount of work this month, which was caused by the order going forth from the U. S. Veterans' Bureau that Dec. 16th would be the last day of which a man could appeal his case for vocational training, the report has been late; each appeal necessitates twelve affidavits, besides the regular form that accompanies each case.

Third Year Work K. C. Bureau.
This month marks the third year in which I have conducted the work for ex-servicemen and their families, under the K. C. Bureau, as reports have been sent in each, or every other month; I do not think it necessary to say my patience with a recapitulation. I feel satisfied that I am doing all that lies within my power to assist each individual, and that satisfaction is important to attain the end in view.

I do know there is much to be done yet; although after the close of appealing cases the work will not be so heavy as in the past. A number of cases are being discharged at the present time, and those who have not been discharged over five years, can enter claim for compensation up to the time limit—five years.

Number of Cases Handled in Two Months.
Two hundred and eighty-one cases have been dealt with the past two months. Among the most important are:

Application for vocational training and compensation: John H. Hill. Appeals entered in vocational training, 15: Wm. O. Burill, Andrew Davis, Dan Ladner, Herman Boyer, Harry Tynan, Walter Henry Bourgeois, Charles Thornton, Charles Lewis, Emmett Askew, Sebastian Marcatich, Monroe Lee Ladner, Peter Roux, Placide Nicaise, Dan Jarrell, Marshall Lee.

Mrs. E. Dobell Peterson, compensation for self and children. Settlement of insurance, Herring estate.

Pension 1864, claim 2, A. Maurice. Liberty bond received, Chas. Leggett.

Health reports, 17; these are for trainees, particularly T. B. cases. Application raise in pay, 1—Sam Nicaise.

Compensation secured, 1—Harvey Lee. Sending vouchers for special transportation, 4.

Receipts of discharge certificates, 4. Travel pay, 1—Edgar Roboteau. Indian claim pay for 1921 received, 1—Chas. Leggett.

Optical examination, 1 (Dr. Odean) Wm. Burill. Reinstatement of insurance, 1—Willie Wilkerson.

Request for autophone, 1—James Keller. Examination, medical, Jesse Poxley, Dr. Linfield.

Transferring of trainees: Tony Shifalo, Lumberton, Miss., from Pascagoula, Miss.; Jesse Tony Lott, Crescent Bakery, from Kiln, Miss., bakery; William Keller, Hattiesburg Normal School for Teachers' Course, from Delgado, New Orleans, La.

Eli Ladner, declared rehabilitated by Veterans' Bureau. Approved for Section II training, Dr. J. Q. Fountain, Logtown, Miss.; James Lovick Mitchell, poultry raising, Bay St. Louis, Miss.

Paul Hobbs, approved for Section II, rejected case and enlisted in U. S. Marine Corps.

Awarded Section III, Frank Stevens, Marvin Cruthirds, both rejected and appealed case, for Section II. Section III training is training without pay, so therefore the men reject that, as one would have to have a paying position to take up this course.

Sidney Fernandez, discontinued from training owing to ill health. Every trainee was compelled to have his dependency pay forms sworn to and returned before December 1. Clodius Hoda, who had a very serious and painful operation, has also been discontinued from training, and will leave for the West shortly owing to his ill health.

Hospitalized the past two months: Joseph Rodolph, U. S. Marine Annex; Monroe L. Ladner, U. S. Marine Annex; Harry Waters, U. S. Marine Annex; Sebastian Marcatich, U. S. Marine Annex; Edward Ross, No. 74, Gulfport, Miss.

Donation toward the office expense was paid by the following: Willie Green, Lake Shore, Miss.; Joseph Rodolph, James Keller, Harvey Lee, Eli Ladner, Bay St. Louis, Miss.; Tony Shifalo, Lumberton, Miss.; Charlie Leggett, Nigolets, La.; Sam Nicaise, Kiln, Miss.; Mrs. Henry Green, Lakeshore, Miss.; Miss Anna Mai O'Connor, New Orleans, La.; Peter Roux, Pass Christian, Miss.

Office Closed December 11 to 15. The office will be closed from the 11th of December to the 15th, when I shall be in office all day to get off each and every appeal. This does not deal with the claim for compensation, as the recent Sweet bill has regulated that a man can claim compensation four years after discharge, especially in T. B. cases, wherein those who have been or are beginning to show evidence of same now.

Expect to have New Legion Soon. We are expecting to have our new Legion under way, but owing to the stress of business have to put it off until later in the month; however, all well under way.

Next month we will tell of some of the good things our boys have done since beginning training, and others also that are not in training. Respectfully submitted, MARY E. GAGER, Executive Secretary.

BAY-WAVELAND YACHT CLUB ACTIVITIES.

Stag Affair To Be Given This Evening at Club House—Christmas Dance on Saturday Evening, December 23rd.

An excellent program has been arranged for the stag affair to be given this Saturday evening at the Bay-Waveland Yacht Club at the club's gymnasium. Members will be admitted free, so will their gentlemen friends. The club will be host; the affair entirely complimentary. For the affair, the club has arranged a buffet, and further says, "Come, and see. If it hurts you to laugh, don't come."

A beautifully embossed card in colors also announces a dance on the evening of Saturday, December 30, "It's a Wish you a Merry Christmas and a Bright and Happy New Year." This will be free to members. Ladies 50 cents, plus 5 cents war tax; out-of-town gentlemen, \$1.00, plus 10 cents war tax. The house committee, of which E. J. Lacoste is chairman, plans to make the holiday dance one of the best of events yet given, and it is expected the spacious club house will be crowded to full capacity. Many guests from out of town will avail themselves of the opportunity of somewhere to go and something to do, as someone has expressed it.

The Bay-Waveland Club is making good. In fact, more than was expected. It is affording social diversion and a medium of social intercourse that would not otherwise exist.

FUNERAL OF HARVEY E. BATES.
Former Bay St. Louis Resident Buried at Cedar Rest Cemetery—Funeral Under Masonic Honors—Largely Attended.

The remains of Harvey E. Bates, whose death last Friday night was noted in Saturday's Echo, reached Bay St. Louis Monday morning on train No. 4, funeral taking place from the railroad station.

A delegation of the local Masonic fraternity and a large number of friends of the Meek, Osoinach and Bates families were present to pay tribute of respect and accompanied the body to Cedar Rest Cemetery, where all that was mortal of the deceased was laid at rest in the Osoinach family tomb.

Rev. Harry Perry, pastor of Christ Episcopal Church, officiated, conducting the service in the cemetery.

Mr. Bates had been ailing for quite a while, and his death was not altogether unexpected by those of his closest acquaintances. He was aged 52 years and a native of Kokomo, Ind., and in addition to the widow, who before her marriage was Miss Mary Meek, of Bay St. Louis, a brother and sister survive.

The remains were held pending the arrival of the brother, from Indiana, the sister being unable to travel.

Mr. Bates resided in Bay St. Louis quite a number of years since, and is remembered by many who learned of his demise with deep regret. He was a most likable gentleman, with friends wherever he went. A traveling representative for a wholesale drug firm, he was widely known not only socially but commercially as well.

The widow has the sympathy of the many friends of both the Meek and Osoinach families.

Next Friday the Primary Department will entertain with a splendid program. Everybody is invited to be present.

When the "Mary Jane" pulled into Bay St. Louis Wednesday noon the boys and girls' basketball team, accompanied by thirty-five "rooters" from Bay High, were ready to go to Pass Christian.

The students were chaperoned by Miss Cora Lea Pearson and Olga Vay Drakowsky.

On the way over we had our usual singing, yelling and fun in general. Before we realized that we had started, a sudden jerk was felt, we were at our destination. We were greeted with a hearty welcome by teachers and pupils.

Upon reaching the school building, which is a thirty-thousand-dollar brick building, there came a feeling of regret to us, the fifty boys and girls, when we thought of that old dilapidated barn building at home, and we were still wondering why it is, when there came a knock on the door. Children in Bay St. Louis as in Pass Christian, that we can not have a school building we can be proud of.

The boys and girls are as enthusiastic, have as much pride and deserve as much as those on the opposite side of the Bay. Can we appeal to the town to give us what the other towns of the Coast have given their boys and girls?

To the ball court we went, brimming over with pep. The boys' game was fought gallantly from beginning to end. Several boys players had just recovered from dengue, so they began to weaken in the last half. The score resulted 18 to 8 in favor of Pass Christian.

Closely following was the girls' play and here is where we "shone brightest." Team work with the Bay girls was displayed and this game, too, proved of great interest to every one who witnessed it. The score was 25 to 15 in favor of Bay High.

Afterwards a pleasant social hour was enjoyed. Refreshments were served, followed by dancing. We shall remember this trip as one of the most enjoyable of the session.

Saturday afternoon two basketball games will take place at Central School, between Logtown boys and girls and those of Bay High.

Pupils of the ninth grade English class have received letters from pupils of same grade in Monticello, Ga. school. In this way interest is created in letter writing and information is gathered from other States along educational lines.

THE GAME IS THE THING.

Recently after a basketball game a friend asked, "How was the game?" "It was better than I had expected, under the circumstances," I replied.

At that he expressed surprise and said that he had heard that we lost. I told him that we lost the game, but still that it was a good game, all of which he seemed to think as a joke instead of a serious fact.

Some one must lose every game. If two or more people are in a contest, in life it is usually the case that only one can come out as the victor; in all walks this is more or less true; in business all men succeed to a certain extent, but all can not be outstanding successes. If one man increases his trade, it must follow that the other man is to lose some of the business he has formerly had or that there is to be a new source of business developed. In many of the contests of life there are no new sources to develop, the one can succeed only through the defeat of the other; this is the case with all interschool games or contests of any sort. In the case of the honor roll or some honor that may be won by any persons who are willing to give the necessary effort, there is always an opportunity to succeed without involving a failure for the other party; but not so with games and most contests.

Since only one can win and since if we were to win at all times, there soon would be no incentive for the other players, it is the part of a good sportsman to learn to take defeat in a game with the same grace and honor as we would take a victory. This does not follow in life as a whole nor in business, but in games where there can be but one winner it behooves us to learn to take a loss with a smile and a cheery word for the most successful competitor. If there is one it is to see a player or someone else going around with a sore toe because they lost a game. The game is the thing; it will not make any difference in five years whether we won or lost, but it will make a big difference how we won or how we lost. I would far

rather my team would lose a clean game like true sportsmen than for them to win a game by methods which would give the other team the idea that they were not treated fairly. The game makes almost no difference, but the way the game is played means much to the lives of the boys or girls who are playing.

I think that all teachers and officials should be especially careful as to their conduct and expressions when they see that their teams are being fairly defeated. It is right to be a hard loser, but if you are beaten by fair, clean play, then do not get sick at the stomach and complain, but try to show the other man that you admire what he has done and that you feel he deserves all due credit for his victory.

The game is the thing; no whether it is won or lost, but how it is won or if it is lost, than most positively how it is lost is of importance.
